

PRESS RELEASE

PAVESIO e ASSOCIATI with NEGRI-CLEMENTI
Turin – Milan offices of the firm are closer

Partners of Pavesio e Associati with Negri-Clementi

Carlo Pavesio, founding partner of Pavesio e Associati, welcomes Annapaola Negri-Clementi as a partner at “**Pavesio e Associati with Negri-Clementi**”. Starting from the 1st of January 2021 the joint, sealed by the renovation of the Firm’s logo, establishes a solid connection between Torino and Milano, developing current network and integrating professional skills.

Castrum, identifying Negri-Clementi since its birth, will now find new meaning and rise as official logo of the Firm. Castrum depicts the historical roman settlement of Julia Augusta Taurinorum, today’s Turin, founded by the Romans around 28 B.C. The typical “chessboard” plan is still detectable in the city centre with the name of “Quadrilatero Romano”.

The logo chosen by **Pavesio e Associati with Negri-Clementi**, in addition to emblematically celebrating the agreement between the two Firms remarks its mission. The castrum was the heart of civil and military life and embodied IUS, the law, at the times of Roma Quadrata, remembered as the founding place of the most ingenious venture of human society. The castrum offered both physical protection from the external dangers and judicial protection ensuring the correct application of the law. Castrum represents the tireless loyalty of the Firm’s professionals to the right discernment in legal activity and to client’s interests.

"We, as a Firm, are delighted with the prestigious collaboration with Annapaola and her team" – declares Carlo Pavesio. "This integration is a meaningful step in our growth path,

Furthermore: "Law is a set of shared rules that allows people to regulate their behavior and solve disputes. Law, like a bridge, links the different cultures and interests of people who speak the same language or different languages and encourages the construction and achievement of common goals."

"I am very happy and enthusiastic to start this new adventure – comments Annapaola Negri-Clementi – together with the Partners and professionals of Pavesio e Associati with whom I share the passion for the profession, the mission, the ethical values and the approach to the Client.
